

How would you react?

I'm taking my driving test tomorrow!

---

Merry Christmas!

---

May I make a suggestion here?

---

We're getting married!

---

The weather's been awful lately!

---

I'm not going to work today, I have a cold.

---

Look, I've made this flower arrangement for you!

---

Hm, this cake looks delicious!

---

Thank you for having me over!

---

I still don't understand passive voice!

---

Thank you so so much!

---

I've won a lottery!

---

How about going away this weekend?

---

I'll make dinner as long as you do the dishes later.

---

It's not that this idea is stupid, it just doesn't make sense.

---

I've been looking for a job for months now and still haven't found anything!
