

How to make toast?

Discussion:

- Do you often take part in meetings? What happens during these meetings?
- What strategies can be used to solve complex problems or to make plans? What do you think of brainstorming and the SWOT analysis? Can you give any other examples of problem solving strategies and planning strategies?
- What are the advantages and disadvantages of working in a team? What could be done to make it more efficient?

Match the words to their definitions. The words from the column on the left are used in the talk.
